Library

The SCD Library is spread across the campuses of the SCD Member Institutions and the SCD Korean School of Theology.

The Library supports the educational requirements of students and staff by providing accessible information in the form of books, journals, databases, and other electronic resources.

SCD students and staff can access the library via a web portal: <http://scd.edu.au/library/>, except for specialist materials of the NSW College of Clinical Pastoral Education: <https://cpensw.com/wp/library>

Students and staff based at one campus can borrow items from other campuses through reciprocal borrowing. Students wishing to use this facility should contact their home librarian to obtain a reciprocal borrowing form.

Students studying by distance can arrange to borrow from any SCD library by sending the completed form and photocopy of their student ID to the campus library from which they wish to borrow.
